

Nov. 24. PINNEY TEN MILE HANDICAP ROAD RACE, \$300 in prizes.

## Bicycles Getting Cheaper.

Why should the price of bicycles be reduced this year? There are a number of reasons why they should not be reduced in price:

- 1st. The price of tubing has advanced sixty per cent.
- 2d. The price of leather is way up.
- 3d. A combination has raised the price of wood rims.
- 4th. Balls have advanced 200 per cent.
- 5th. There is a rise in the price of cork.
- 6th. Skilled labor is higher.

### THEN, WHY?

There is only one answer: Some makers have a lot of wheels to dispose of and have put the price down in order to dispose of their product and keep from going to the wall. The name plate may be changed in their 1899 model, but that will be all. Do you want to buy a genuine 1899 model, or a '98 model with a '99 name plate?

1898 CLEVELANDS CANNOT BE BOUGHT NOW. CLEVELAND PRICES FOR 1899 ARE \$50 and \$75. NO OLD WHEELS TO SELL WITH A NEW NAME PLATE.

### KILLING NEAR WICKENBURG

A Mine Superintendent Successfully Stands Off an Attack.

A telegram was received at the sheriff's office last night from Deputy Sheriff George at Wickenburg saying: "I have man who did killing at Munro mine." Nothing had been heard of any trouble at the time the dispatch was received, but The Republican later had information from Hot Springs Junction describing the tragedy. About noon yesterday William Murphy, superintendent of the Castello mine, fifteen miles east of the junction, was attacked by two prospectors named Bernal and Sweninger. They shot him four times, inflicting serious, but probably not fatal wounds. Murphy was shot from behind, but he returned the fire with deadly effect. The affray took place near a spring where the men had been camped for several days. The shooting was heard by miners at the camp and they hurried to the scene. Reaching it they found Bernal dead and Murphy lying near by. Sweninger escaped without injury. The cause of the attack on Murphy has not been learned here. The tragedy took place in Yavapai county and a telegram was sent to Sheriff Ruffner at Prescott. He was expected to reach the junction last night. Sweninger made his way from the place of the killing to Wickenburg, where he was captured by Deputy Sheriff George.

Late last night word was received that Murphy had died of his wounds. Murphy represented a Buffalo, N. Y., syndicate headed by J. W. Costello, who was informed by telephone of the death of his superintendent.

Word of the shooting was sent to the wife of Superintendent Murphy, who was at the hot springs, and a doctor was summoned, but before either reached him he was dead.

Additional information regarding the affair was received in the following telegram from Prescott to The Republican before the death of Murphy: "Prescott, Ariz., Nov. 11. "A general shooting scrape occurred today at the Trilby mine, in which Superintendent Murphy, a man named Bernal and two others participated. Murphy was mortally wounded, Bernal killed, and the other two slightly wounded. The trouble was over looking the boundary lines of the two mining claims. Over twenty shots were exchanged at close range. Murphy represented Costello, an eastern capitalist, and was well known in mining circles in Colorado, Montana and Arizona."

steadily grew worse. He said very little of himself and what is known of him now is learned from papers found among his possessions yesterday. There were account books with butchers and grocers, a variety of notes he held against several persons for small amounts. Some of these notes were ten years old and were dated Percy, N. H. One of them was for \$22 and it was stipulated that Thurston should receive an interest of \$5 a month until the note was paid. There were books of a couple savings banks, one in Portland, Me., and the other in San Francisco. There was an account which appeared to have been closed five years ago with the Hibernia Building and Loan association of San Francisco. Among the papers was a certificate from a San Francisco bank of a deposit of a claim of \$400 against the defunct People's Home Savings bank of San Francisco. There was found a pocketbook containing \$34.90, some more notes and a paper on which he had written in pencil a sort of will bequeathing to his mother, of Percy, N. H., all of his possessions, including some bonds, which were not described. Thurston's body was taken to Davis' undertaking establishment and a telegram was sent to Percy, N. H., making inquiry for his mother. The dead man appeared to be about 35 years old. The inquest will be finished today.

An advertisement in The Republican is read by thousands of people daily.
